

Quality Policy

Manluk Mining's objective is to be a leading supplier in providing turnkey wear resistant and manufactured solutions to our customers by combining high quality craftsmanship with leading edge technology.

In order to achieve this, it is our Quality Policy To:

- Consistently deliver quality products and services that meets or exceeds the needs of our customers and provide **Total Customer Satisfaction**
- Continually improve our Quality Management System and processes through active involvement of every employee, our customers and our suppliers.
- Continue compliance and certification to the requirements of applicable laws, regulations, and standards.
